

## **Get Behind ( c. 3/28/2022 by Sue Ann Watson and Thomas Lloyd Thomas; aka Sukey Watson and Tom Thomas)**

### Verse 1:

They want you to believe ,  
Their cleverly packaged evil lies  
But I think I can see, Yes I know that I can see  
Through that humanitarian disguise  
That the actual plan in mind  
Is for your soul to die

Chorus

### Verse 2:

They stack their message deck  
Debate and discussion is put in check  
The narrative that's authorized, Yes the the  
narrative that's authorized  
Gets fear and panic mobilized  
The truth, the data and the acts  
Must not survive intact

### Verse 3:

They've tried to co-opt my mind  
To make me intellectually blind  
But I say to them in kind, Yes I say to them in  
kind  
Satan you better get Behind  
For your talisman of security  
Can't stand in for God's Liberty

### Chorus: after verses 1 & 2

Are ya gonna cave to their despotic wills  
Driven by wicked and sordid sinful ills  
Or are ya gonna take a stand  
Fight for what's right within God's plan  
Or be the coward man

### Final Chorus:

I will not cave to their despotic wills  
Driven by their wicked and sordid sinful ills  
Because I'm gonna really act  
To leave no tyrannies intact

And I am gonna firmly stand  
To uphold God's righteous plans

'Cause I choose to live by my faith  
To rise above the tyrannic state

And I'll contend to my death  
To protect my God given rights

And I won't bend and I won't cave  
To falsified and fabricated fears

'Cause I'm not ever gonna be  
No never ever trampled down

Yes I'm not ever gonna be  
Subjugated to their plans.

Like the coward man

Song Story:

The words to this song came to me just about all at once while I was working in the garden back in September of 2021. It was my response to the times which we all had witnessed. The assault on freedom was a shock to me as it was also for many others. I dedicate this song to the many who stood up for our freedoms and rights and who continue to do so today. Freedom always comes at a cost and many got socially “cancelled” or lost their livelihoods for their refusal to back down to an onslaught of frankly false narratives.
